

Action Equipment & Scaffold Company has completed the acquisition of Access Systems & Solutions

Phoenix, March 16, 2022 – Action Equipment & Scaffold Co., Inc. (“Action Scaffold”) is pleased to announce the acquisition of Access Systems & Solutions, Inc. (“Access Systems”), including its two operating divisions, Scaffold Inspection & Testing Company (“SITCO”) and USA Scaffold Company. The combination of Action Scaffold and Access Systems will provide a stronger ability to meet our customers’ needs while offering an even greater product diversification over a larger geographic territory.

Access Systems provides turnkey solutions for permanent and temporary access systems for architects, contractors, and developers. The company provides safe and code compliant systems to access all exterior building maintenance needs. They are a design-build company that can provide consulting, design, engineering, manufacturing, and installation of Exterior Building Maintenance (EBM) equipment, load testing, and produce Operation Procedures Outline Sheets (OPOS).

SITCO services the mid to high-rise building market with certified inspectors that complete annual and as needed anchor and rigging inspections as well as complete turnkey design manufacture and installation of all components for permanently installed EBM’s. All products meet the highest standards in the industry and comply with all building codes and regulations.

USA Scaffold provides the very best in temporary suspended scaffold products. Where a swing stage is the contractors best answer in the window washing, painting, caulking and all other exterior maintenance applications, USA scaffold can perform quickly and safely.

“We are very excited to be part of the Action Scaffold family of companies,” said Dennis DeBattista, President of Access Systems. “Our management team, led by General Manager Joan DeJesus, is thrilled to become a part of Action’s 70 years of history as a leading scaffold and high reach provider in the Southwest market. We

are confident this will help Access Systems provide exceptional service to our customers and accelerate our growth.”

“The opportunities of growth and expansion that Dennis and his team will add to Action Scaffold is just what we have been looking for in the swing stage business,” said Howard Schapira, CEO of Action Scaffold. “Our ability to utilize their products, experience and expertise across the Southwest market in combination with our existing network of companies at Action Scaffold and Waco Scaffolding is exactly the right compliment of product and services to continue our strong growth in the marketplace.”

Action Scaffold was founded in 1953 and operates as a leading provider of scaffolding rental equipment and services in its Southwest market. The Company brings industry leading experience on scaffolding products and safety, which has defined them as a top scaffold rental and erection business over the last 70 years. The Company understands the demands that scaffold dealers and contractors face, and accordingly provides its customers with quality products and services to meet stringent market requirements. Since 1953, Action Scaffold has built strong, long-lasting relationships in its region amongst industrial and commercial end users. As one of the founding members of the Scaffold & Access Industry Association, Action Scaffold continues to be a leader in the scaffold industry.
